**XVII INTERNATIONAL FAIR OF INVENTIONS
AND INNOVATION
(November 30 – December 3, 2010)**

Within the international fair of invention and innovation will be presented the exhibitors' results of domestic and foreign research, development and innovation. The aim is to show results of products within Innovation of the Year 2010 Award competition, research and development activities, foreign project researchers in the KON-TAKT programme, technology transfer, science and technological parks in the Czech Republic, successful project researchers in the EUREKA, Eurostars programmes, results of firms that successfully participate in domestic research and development programmes, domestic and foreign partners of AIE CR. Results of Innovation Forum and Enterprise Europe Network project will be presented, too.

Exhibitors will have the opportunity to use the Information Centre of INNOVATION 2010 services for presenting their own audiovisual programmes (video, www, hypertext etc.) for invited guests who have booked in advance.

Full time exhibitors' attendance is not necessary, Information Centre INNOVATION 2010 can file additional information materials and make contact with interested persons.

If interested to give a speech
